

Interior Home Breakdown Protection

Coverage for major
household appliances
and home systems

insureityyourself 
powered by InsureBC

AVIVA

Aviva and InsureBC, British Columbia's largest independent insurance broker group bring you **Interior Home Breakdown Protection**.

Offered through insureityourself*, InsureBC's digital group, **Interior Home Breakdown Protection** is an affordable solution to cover the repair or replacement of your home's systems or major appliances when they break down.

Protect your home against costly breakdowns

Your home has a number of appliances and systems to keep it running smoothly. When one stops working, your home insurance policy doesn't usually cover the cost to repair or replace it.

How it works

- Choose from a minimum of four items to cover - just appliances, or home systems, or a mix of both. You can also choose your deductible and the number of items you want to cover.
- Coverage of up to \$10,000 for the repair or replacement of your home or condo's appliances or home systems after the manufacturer's warranty has expired, regardless of age, with no pre-inspection required.
- Two repairs per item within a 12-month period. Getting a repair is just a phone call away, with all repairs done by qualified technicians who carry liability insurance. Emergency repairs are also available.
- Plus, any claim you make won't affect your home or condo insurance policy.
- And remember, any repairs due to lack of maintenance are not covered.

Major appliances

- Refrigerator
- Gas or electric range/oven/cooktop
- Built-in microwave oven
- Dishwasher
- Washing machine
- Dryer
- Garbage disposal
- Trash compactor

Home systems

- Central heating systems for homes[^]
- Condominium fan coil unit[^]
- Central air conditioning
- Interior plumbing
- Interior electrical
- Owned water heater
- Sump pump

[^]Includes Extra Living Expense coverage if you have to move to temporary accommodations while your system is being repaired.

What happens when we can't repair it

We'll do our best to repair your item, but there are times that we won't be able to. When this happens, we will either replace it with a similar item if available, or we'll pay you a cash settlement.

About InsureBC

With more than 85 offices across the province, InsureBC is British Columbia's largest independent broker group. We are committed to delivering risk reviews and independent insurance advice through a network of retail locations as well as our online division, insureityyourself.
